

# Musikx

**First of all, let's assume that there's no streaming audio providers in the world. No Spotify, no Apple music...**

**So, it's time for us to create one!**

Qingyun Xu

# Executive Summary

Musikx is an audio streaming service provider, aiming to become the world's largest music streaming service provider.

## Business Scope

There are millions of songs from a variety of genres and artists, from obscure indie rock, to top 40 pop, to movie soundtracks and classical music. Musikx provides a new way of music management.

## requirement analysis

### Psersona

Name	About	Goals	Devices	Frustrations
Liah	<ul style="list-style-type: none"><li>● 21 years old</li><li>● University student</li></ul>	Liah believes music is an important life part. She wants to have a	<ul style="list-style-type: none"><li>● iPhone</li><li>● Laptop</li><li>● iPad</li></ul>	<ul style="list-style-type: none"><li>● No available streaming service provider</li><li>● Hard to manage favourite musics</li></ul>

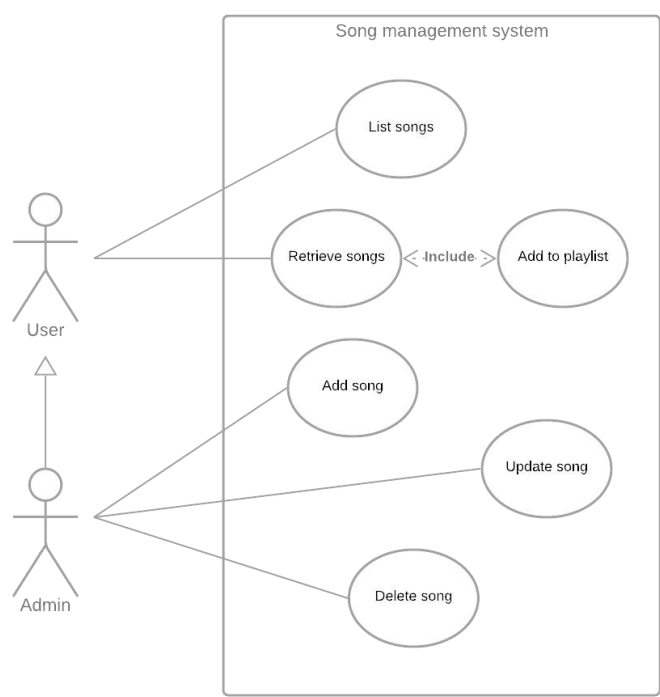

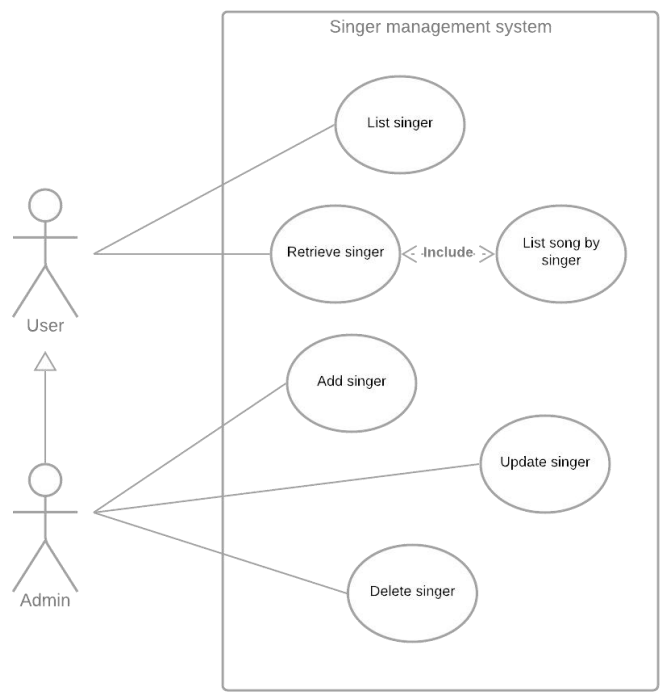

### User stories

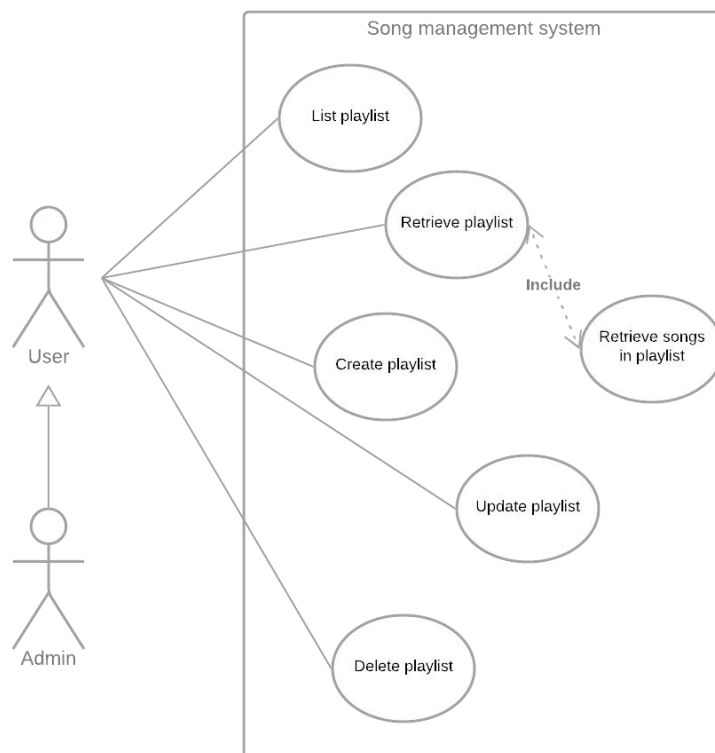

As a user, I want to manage my playlist, so that I can reach my favourite directly without searching the music pool.

As an admin, I want to manage musics and singers, so that I can import the latest popular musics to keep the music pool up-to-date.
