

Musikx

First of all, let's assume that there's no streaming audio providers in the world. No Spotify, no Apple music...

So, it's time for us to create one!

Executive Summary

Musikx is an audio streaming service provider, aiming to become the world's largest music streaming service provider.

Business Scope

There are millions of songs from a variety of genres and artists, from obscure indie rock, to top 40 pop, to movie soundtracks and classical music. Musikx provides a new way of music management.

User stories

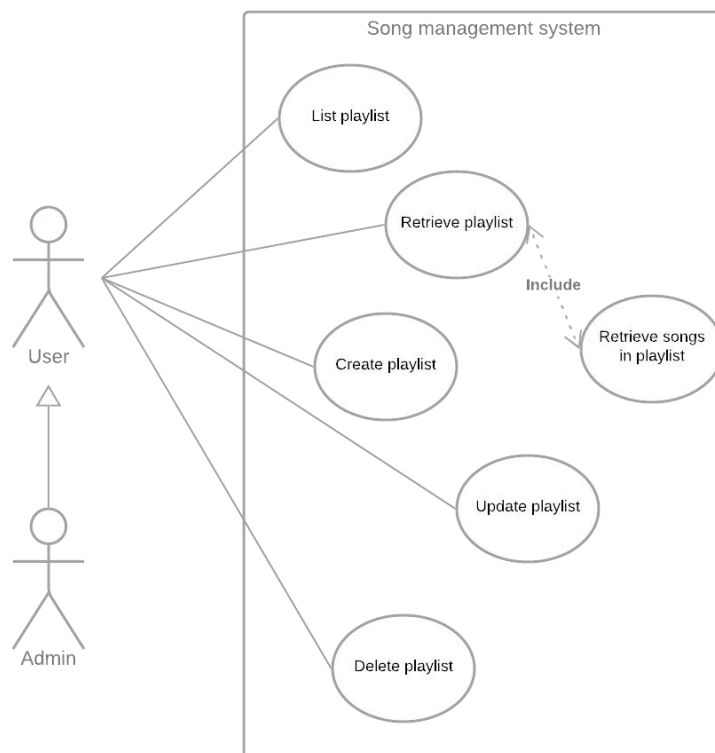

As a user, I want to manage my playlist, so that I can reach my favourite directly without searching the music pool.

As an admin, I want to manage musics and singers, so that I can import the latest popular musics to keep the music pool up-to-date.
